

PATRAN® SINGLE-PATIENT USE SLIDE SHEETS

PATRAN slide sheets are disposable friction-reducing devices designed for caregiver safety and patient comfort. Simple yet versatile, PATRAN can be used alone or in combination with HoverTech air-assisted products to support your facility's safe patient handling protocols. By simply sliding a patient, you reduce the risk of caregiver injuries that can occur when moving patients.

PATRAN Benefits

- **Nondirectional:** Provides a slippery surface for movement in any direction.
- **Convenient:** Dispensers provide easy access.
- **Variety:** Available in 3 sizes to accommodate patient needs.
- **Made in the USA:** By a certified women-owned small business.

Many Ways to Use PATRAN

- Use with HoverTech Air-Assisted Products.
 - Insert and remove HoverMatts & HoverSlings without logrolling.
- Use independently for facility approved patient handling tasks.
